

SUMIT

Full Stack Developer

sumit83770@gmail.com | +91 8368920235 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building responsive, production-grade web applications using React JS, Node JS, Express JS, and MongoDB. Delivered a proposal-automation tool during a Full Stack Developer internship that cut manual proposal-writing effort by 80%, and integrated backend APIs to streamline document workflows for the team. Strong foundation across the MERN stack, RESTful API design, database management, and Git-based version control, with a track record of shipping functional, user-focused software from concept to deployment.

TECHNICAL SKILLS

Languages: JavaScript, C, C++, Python

Front-End: HTML5, CSS3, JavaScript, React JS, Responsive UI/UX Design

Back-End: Node JS, Express JS, RESTful API Development

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Vercel, VS Code

Core Concepts: Full Stack Web Development, API Integration, Version Control, Agile Collaboration

INTERNSHIP EXPERIENCE

Full Stack Developer Intern — Civora Nexus

June 2025 – August 2025

- Built dynamic forms and automated document-creation workflows, integrating backend APIs to support proposal customization for client-facing deliverables.
- Engineered core features of a custom proposal builder that automated 80% of the manual proposal-writing process, significantly reducing turnaround time for the team.
- Designed dynamic content modules and reusable templates, and implemented backend logic to auto-populate client data, improving team efficiency and reducing manual data entry.

PROJECTS

GymPilot AI — Gym Management System

React JS, Node JS, Express JS, MongoDB

- Developed a full-stack gym management platform covering member and subscription management, an admin dashboard, attendance and workout/diet tracking, and payment and billing management.
- Designed and implemented RESTful APIs with Node JS and Express JS, integrating MongoDB for persistent, scalable data storage across members, plans, and payments.
- Built a responsive React JS front end and deployed the application to production on Vercel for live public access.

Live Demo: <https://gym-management-system-flame-two.vercel.app>

Personal Portfolio Website

React JS, Node JS, Express JS, MongoDB

- Built a full-stack, responsive portfolio application with a React JS front end to showcase projects, technical skills, and professional background.
- Developed a Node JS and Express JS backend with MongoDB integration, and deployed the application to production on Vercel.

Live Site: <https://sumit-portfolio-green-iota.vercel.app/>

EDUCATION

Bachelor of Technology in Computer Science and Engineering

2023 – Present

Dr. A.P.J. Abdul Kalam Technical University

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- Placed among the Top 30 teams at NexGen Hack 2025, a National-Level Hackathon held at RKGIT, Ghaziabad.
