Professional Summary

Aspiring Software Engineer/ Full Stack Developer seeking an opportunity in the IT sector to apply my technical skills, programming knowledge, and strengths to contribute to the company's success. Motivated BTech undergraduate eager to leverage technical skills in a dynamic IT environment, with a strong willingness to learn and contribute.

Education

Bachelor of Technology in Computer Science and Engineering

(2023-present)

Dr.APJ Abdul Kalam Technical University

Internships

Civora Nexus

(June 2025-August 2025)

Role: Full Stack Developer Intern

- Built dynamic forms, automated document creation workflows, and integrated backend APIs for proposal customization.
 - Built features for a custom proposal builder that automated 80% of the manual proposal-writing process. Added dynamic content modules, reusable templates, and backend logic to pull client data automatically, significantly improving team efficiency.
-

Projects

AI ChatBot

- Built an interactive chatbot using **Python** with **Gemini API** for LLM-powered responses.
 - Designed a clean, responsive UI with **HTML, CSS, and JavaScript**, including real-time chat updates.
 - Ensured smooth client-server communication using REST endpoints and asynchronous requests.
 - Tools used: HTML, CSS, Java Script, Python and its libraries
-

Skills

- **Front-end:** HTML, CSS, JavaScript, React JS,
- **Back-end:** C/C++, Python, Node JS
- **Database:** MySQL, MongoDB
- **Version Control:** Git, Github

Technical Events & Participation

- Participated in **NexGen Hack 2025**- National Level Hackathon held at RKGIT,Ghaziabad and were placed among the Top 30 teams.
